-PRODUCT
INTRODUCTION
无氟泡沫灭火器
FLUORINE-FREE FOAM FIRE EXTINGUISHERS

我们使用泡沫原料符合:宁波威仕消防设备有限公司使用的灭火泡沫浓缩液和水添加剂是基于短链C6分子,并符合最新的欧盟有关PFOS使用的限制(欧洲指令)和PFOA(欧盟委员会法规(欧盟)),欧洲化学品署(ECHA)已将全氟辛烷磺酸的含量限制在10 PPM, 将全氟辛烷磺酸的含量限制在25 PPB, 将全氟辛烷磺酸前体的含量限制在1000 PPB。我们的原料供应商提供的信息, 灭火泡沫浓缩液和水添加剂符合新的ECHA法规。

The Fire Fighting Foam Concentrates and Water Additives used by POWER SAINTS LTD, are based on short chain C6 molecules and comply with the updated EU restrictions relating to the use of PFOS (European Directive) and PFOA (COMMISSION REGULATION (EU)). ECHA (European Chemicals Agency) has limited the amount of PFOS to 10 ppm (effective since 2011) and the amount of PFOA to 25 ppb (= parts per billion) and PFOA-precursor to 1000 ppb from June 2020. The information provided by our raw material suppliers, Fire Fighting Foam Concentrates and Water Additives meet the new ECHA regulation.

Others

Aerosol Fire Suppression System

Application: Port Equipment, ESS, Data Center, Computer room...

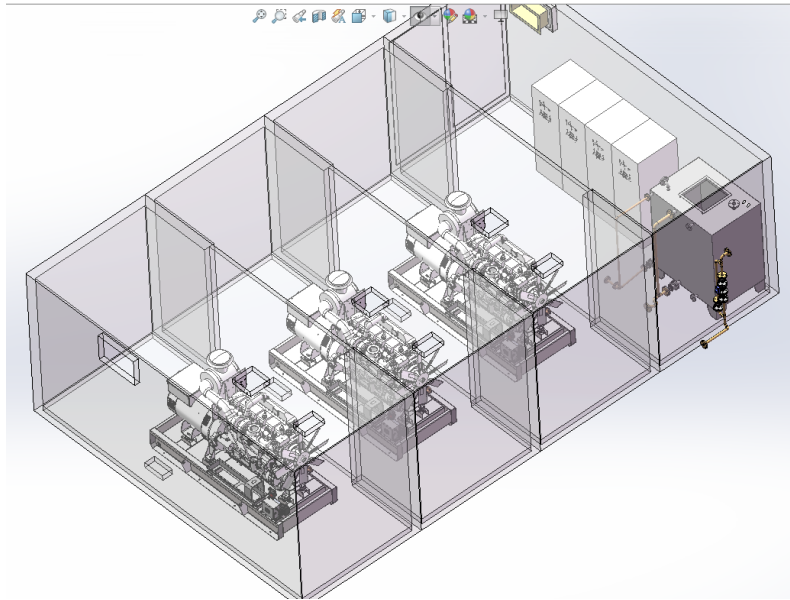

ZPMC Port Equipment Project

Clean agent fire suppression system

Application: machining center, wind turbine generator, data base, telecommunication base station.

Antarctic Great Wall Station Generator Set Project

Kitchen fire suppression system

Lehavot Brand, CE,LPCB,UL,ULC approval

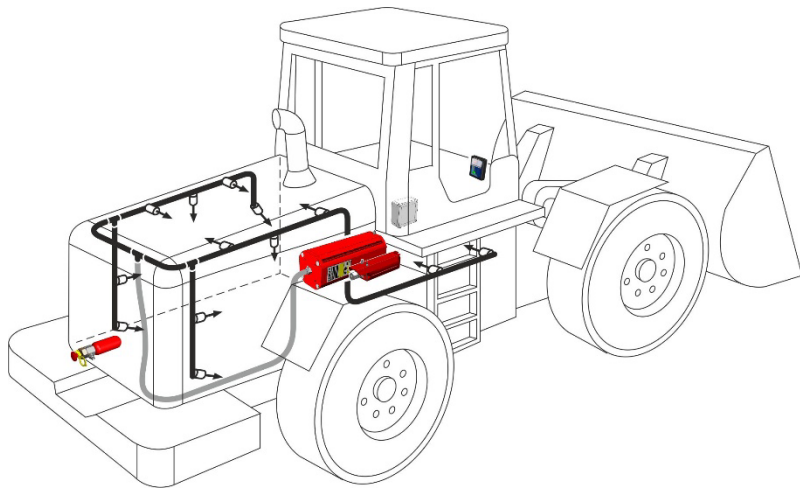

A Food Truck Project

Vehicle fire suppression system

Application: mining trucks, container handling, buses, forestry machinery, power generators, etc.

SANY Mining Vehicle Project

Lithium-ion battery fire exts

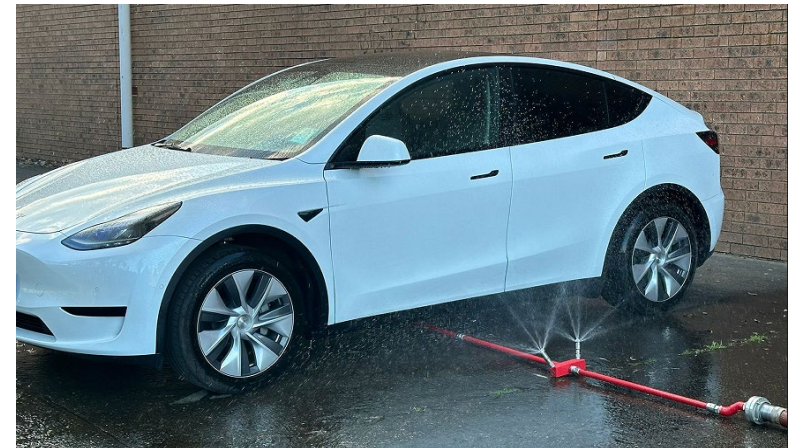

Lithium Battery Charging cabinets

Hose induction systems

Electric vehicle fire blankets

Electric vehicle misting systems

Emergency Disposal Cabinet

Features:

- Efficient
- Easy to operate
- No HFC
- PFAS free
- Non-toxic

Suitable for:

- Fire fighters
- Police
- Energy company employees

Industries:

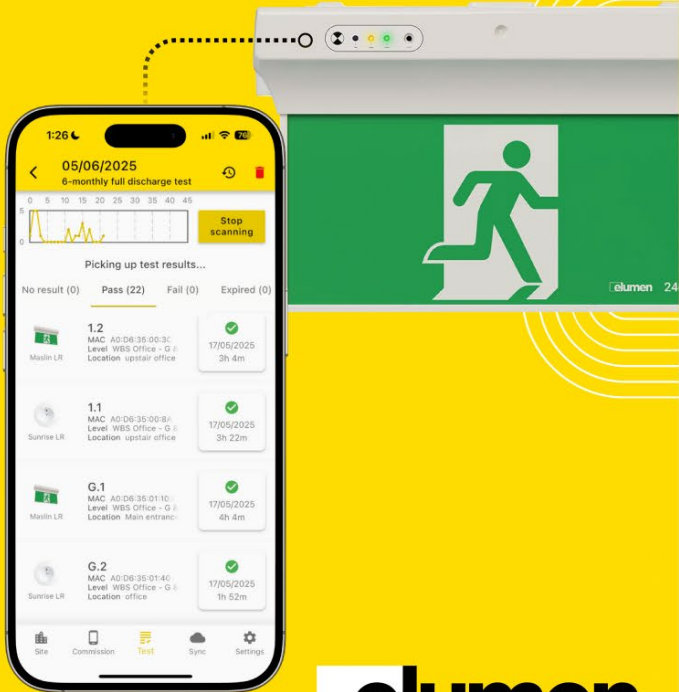

- Energy storage/
- Power generation / Marine/
- Telecommunications/
- Buses/
- Laboratories/
- Buildings/
- Onshore oil and gas etc.

Self-Test Less Stress

Wireless result collection

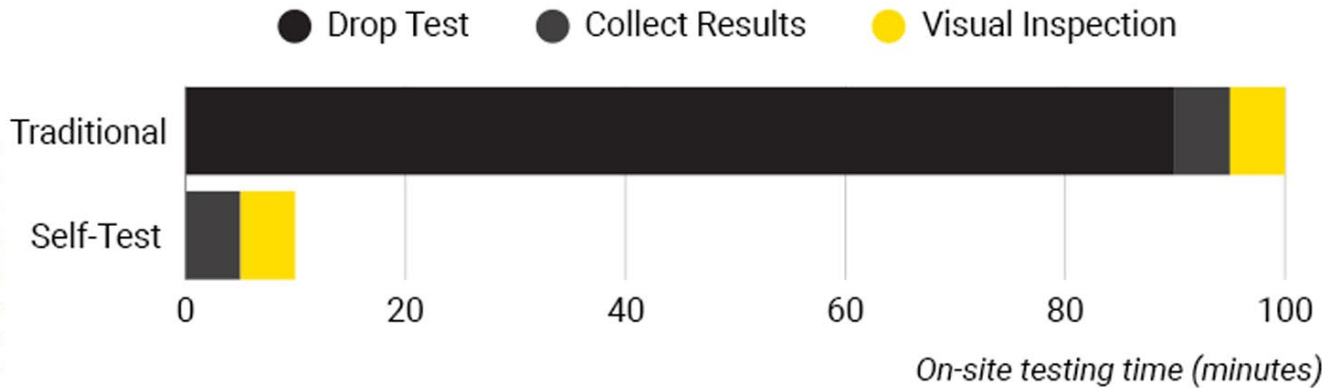

elumen

Faster Testing, Full Compliance

Arrive on-site with your functional test results ready to collect.

By holding your mobile device within wireless range of an emergency light, its last functional test result will be added to your test report.

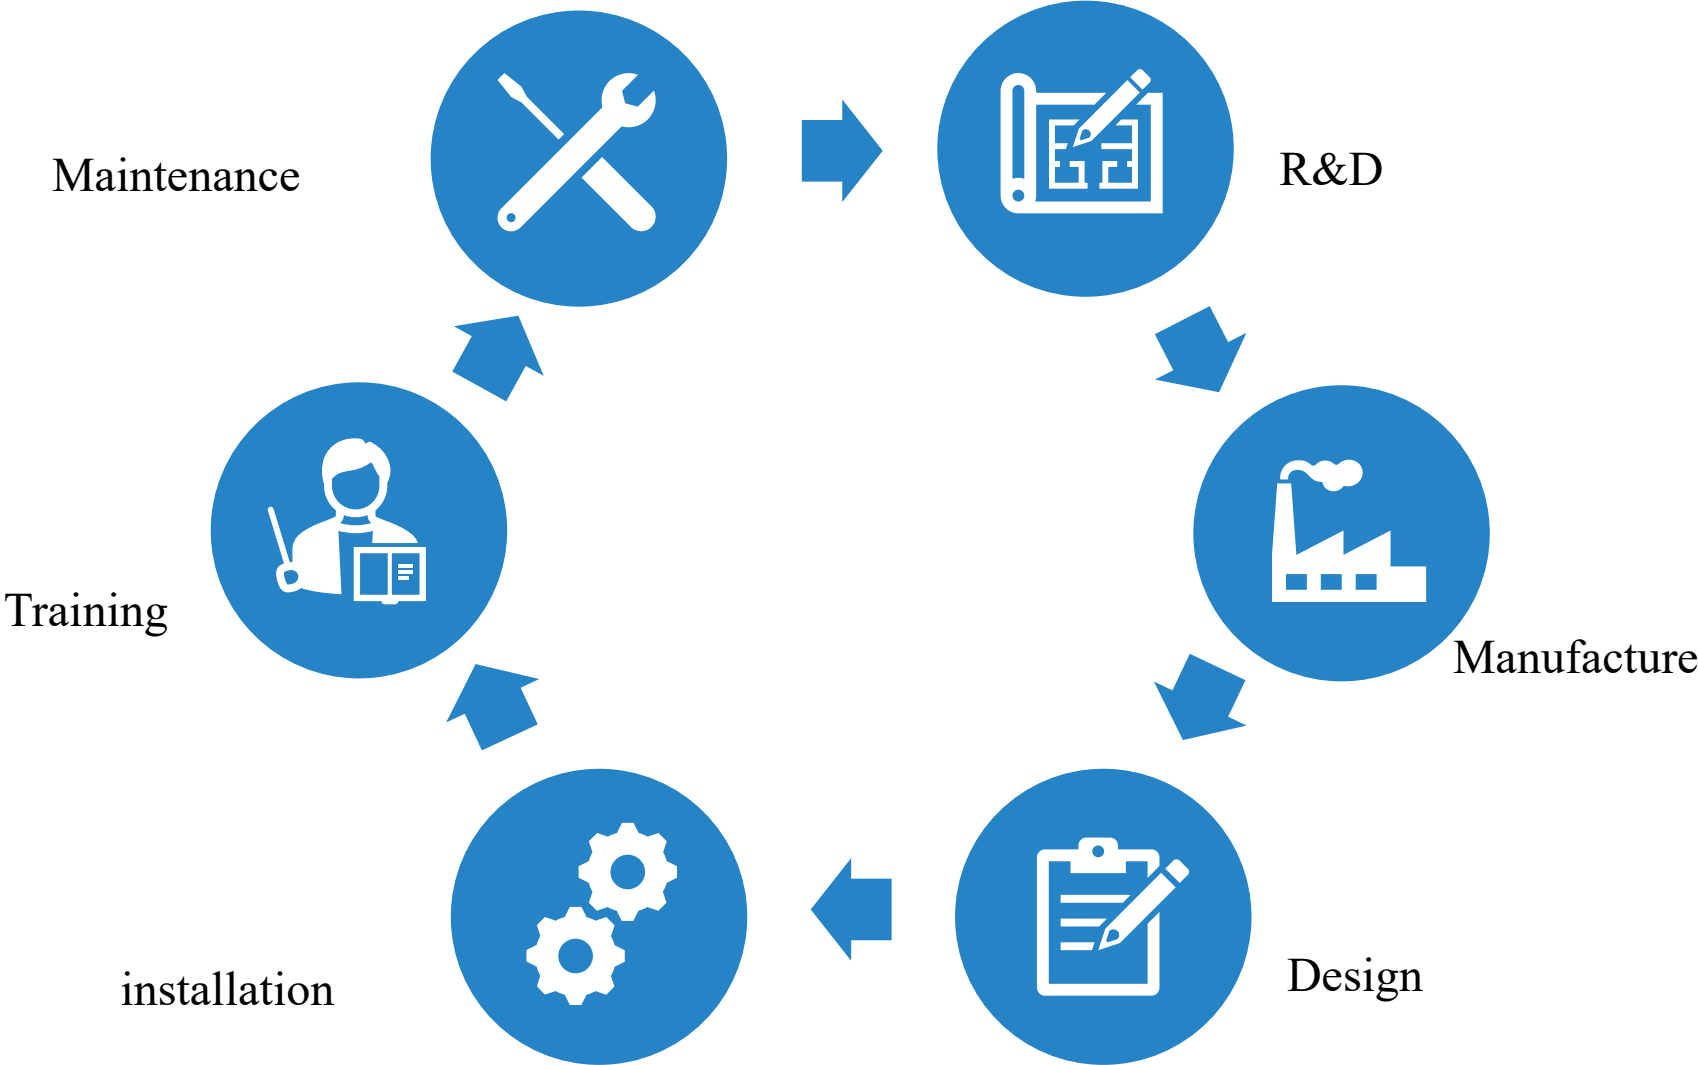

Why us ?

www.saintsea.com

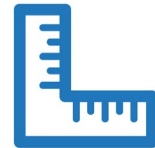

1. 20+ YEARS EXPERIENCE IN FIREFIGHTING INDUSTRY

2. ONE-STOP FIRE SOLUTIONS

3. INTERNATIONAL CERTIFICATIONS

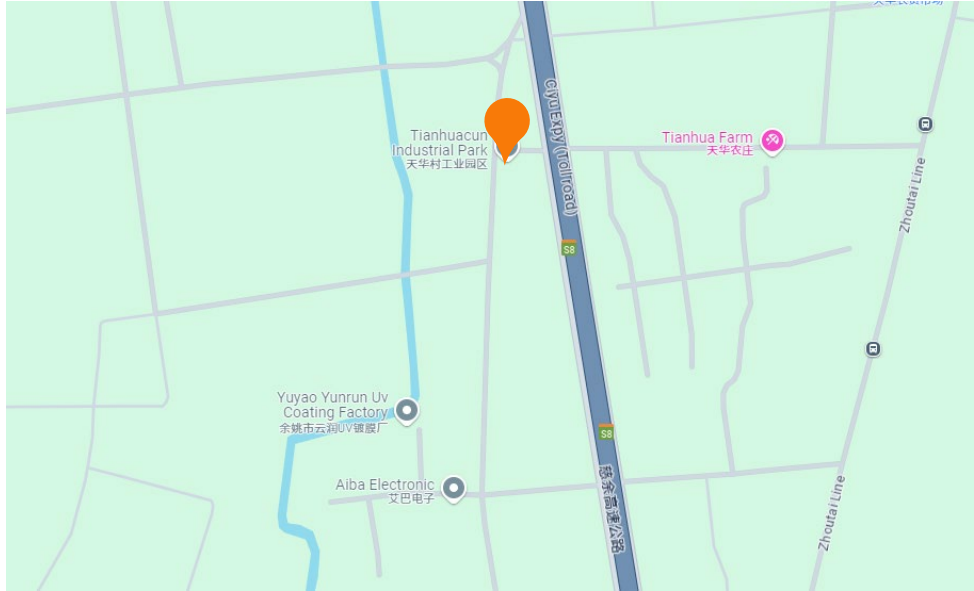

4. CUSTOMIZED SERVICE

5. PROFESSIONAL AFTER SALE SERVICE
